

Civil Rights to Be 'U. of Life' Topic At Grove Church

Civil liberties and the suppression of ideas will be the topics to be discussed at the next "University of Life" forum at the First Congregational Church of Lemon Grove.

On Sunday evening, at 7:30 in the sanctuary, attorney Richard Wood Petherbridge will tell of some of his experiences as one of the lawyers fighting to strengthen the American Civil Liberties Union in the struggles with bigotry, hysteria, and self-appointed guardians of the public conscience. Mr. Petherbridge was formerly associated with Wirin, Rissman and Okrand, Los Angeles, the law firm which handles the legal work for the Southern California branch of the A.C.L.U.

Mr. Petherbridge will analyze the current "climate of opinion" on civil liberties in open give-and-take discussion with the audience. Those who feel that the climate has improved, or the reverse, in the last two or three years, and those who feel that the change is due to some particular political or social phenomenon should plan to come to the meeting primed with questions for serious discussion.

This discussion on freedom of thought and expression is open to the public and is especially planned for residents of the Lemon Grove-Spring Valley area by the Social Action committee of the First Congregational Church of Lemon Grove. After the meeting in the sanctuary there will be a social gathering for coffee and fellowship in Friendship Hall.

Mrs. Oyler Installed As B.W.L. President

Mrs. James G. Oyler was installed Thursday night as president of the Lemon Grove Business Women's League at the Lafayette Hotel. "April Flowers" was the theme of the event and spring flowers loaned added color to the festivities.

Following a cocktail hour and dinner Mrs. C. F. Baxter as installing officer presented each new officer with a token symbolic of her new job for the year. The sweet pea, being the flower of April, was much in evidence as was the diamond, which is the gem for this month. A jeweled chest of treasures was the focal point of the main table and a gilded wheelbarrow laden with flowers centered the small stage. White and gold were the basic colors used in the decorations and white and gold was the gown of the new president Oyler. The other new officers, all looking their loveliest, are vice president Mrs. Ivan Lauritzen, secretary Mrs. Robert Pulliam, treasurer Mrs. John Farle, and recording secretary Mrs. V. A. Stevens.

Child Falls in Citronella Drainage Ditch

Arthur Lewis Shurley, the two-year-old son of Mr. and Mrs. Thomas Shurley, 7864 Palm Street, was fished out of a drainage ditch by a passing workman Monday at Citronella and the entrance to Pearce's Acres.

The ditch is part of the drainage system of Pearce's Acres, a subdivision which attracted county government attention two years ago when effluent was carried by open drainage ditches to a huge pool which abutted the property of neighboring residents. At the time the county health department labeled the pool "dangerous." It was finally pumped dry by the subdivision developers.

The youngster suffered no after-effects as a result of his accident, his mother reported Wednesday.

Another Get-Together Planned On M. H. Youth Problem

Another civic meeting of the Monterey Heights residents will be held Sunday at 2 p.m. to continue discussion of the area juvenile problem.

PUBLIC SCHOOLS WEEK BEING MARKED HERE

Schools of the Lemon Grove District will help celebrate the 37th Annual Observance of Public Schools Week April 23 through 27. Residents of the community are urged to visit schools, special programs, and classrooms next week to observe first-hand the work being done in the education of children here. Six thousand children

of school age are crossing California borders into this state every month. Personal contact with local schools will demonstrate to the people of Lemon Grove how growth problems are being met in this area. They can also see what goes on in the modern classroom and learn about public school methods, standards, and needs in the state's biggest business, education.

Evening open houses will be held at Monterey Heights on Monday evening from 6 to 7:30, at Vista La Mesa on Tuesday evening from 6:30 to 8, and at San Miguel on Wednesday night from 7 to 8:30. All three of these schools will send home special invitations from individual teachers for classroom visitations during the entire week.

At Golden Avenue daily visits and classroom demonstrations will be featured. Mrs. Nancy Tuthill has planned one evening program for parents of her class. At the junior high classrooms will host parents and patrons during regular school hours, and two assembly programs, Tuesday and Friday mornings, 8 and 9, will be presented.

Lemon Grove Masonic Lodge is conducting an essay contest which will bring trophies to winners in five grade classifications. It was announced by John Dail, master of the lodge. "We will make the presentations at a Sunday dinner honoring these winners," Judge Luther Hussey, chairman of the Masonic Order's Public Schools Week program, said.

The essays have been written by students and these papers have been screened by PTAs of various schools. All that remains is for the judging to be done and winners announced at the May 13 dinner.

LETTERS TO THE EDITOR

Dear Editor:

In defense of myself, and in all fairness to your readers, many of which are customers or potential customers of mine, I would like to present my side of the headline article in your last week's edition, entitled, "M. H. Revolts Against Youth Pack."

In the first place the "Malt Shop" in question has not been a malt shop since January 14th of this year. It has been known as F & J Sundries since that time. We do have a fountain, and many young people gather around for fountain products, but we are trying to major on the sundry merchandise of which we have a pretty good variety.

Much of what was said at the aroused citizens' meeting last Sunday afternoon was not published. For instance, almost all of what was said was either admitted hearsay, was what had gone on before we bought the place, or had nothing to do with the F & J Sundries at all. Just because we own a business in the Monterey Heights area, we get blamed for the drug racing, hot-rodding, loud mufflers, etc., beer can throwing in people's yards, and various other disturbances occurring in the entire area. We do not sell auto parts, nor do we sell alcoholic beverages of any kind to anyone, but because some of these disturbances are caused by young people, some of whom are our customers, we get the blame regardless of where it happens.

My wife and I do not believe in profanity, vulgarity, obscenity, or alcohol in any form. We do not permit it within our place of business. Many of our teen-age customers will tell you that we have called them down when improper language was heard. We like to believe that we are helping the kids and believe they respect us for it. We believe in working with and helping young people.

Since your article was published I have been called on the phone by people who would not give their name, but wanted me to prohibit smoking by teenagers in our store. There is a California State Law which prohibits the sale of tobacco products to minors. We do not sell cigarettes to minors, but when parents permit their children to smoke, and they can get cigarettes from any machine (?) in the county, I don't think it's my business to tell them what not to do in that respect. Now that the spotlight for juvenile delinquency and youth packs has been focused on our store, everyone seems to think that by snapping my fingers I can reform all of this area. Mr. Goodwin, I can't perform miracles. It has taken us over two months to weed out most of the undesirable customers, and make what we think is a fairly respectable place of business, and without the help of our respectable citizens.

Some of the aroused citizens said that their children were afraid to come to the "malt shop" because of the notorious juvenile gangsters hanging around. Whether they are aware of it or not, some of these citizens' children frequent the "malt shop" and might possibly be considered a part of the so-called "Youth Pack." The fight between the two girls that was mentioned in last week's article was not in the store but off in a canyon away from our place of business, but we still get the blame. I'd like to introduce to you the young gentleman who was hiding in the bushes waiting for the mob to go away from the "malt shop" so he would be safe. It would throw a different light on that particular

The Dimmer VIEW

By MAX GOODWIN

I think it would be fair to say the County Road Department is unconcerned about Lemon Grove. A man of greater passions than I might put it more strongly. Springboard for my complaint this week is the closing down of Murray Hills Road for 60 to 90 days by the Road Department for the apparent benefit of La Mesa Subdivision Developers who are working on the La Mesa side of the hill. They wanted the road closed so their tractors could move earth from one side of the road to fill in the other.

This is the road over which approximately 700 Helix High School students from the Lemon Grove area must travel daily five times a week and their loss in time, tires, and gasoline money will be sizeable.

The head of the County Department is Joe Mack and even he couldn't convince local residents that a few weeks delay until school vacation would have accommodated the developers more than it inconvenienced the students for whom the road was primarily maintained.

We have seen the road department succumb to the whim of vested interested before. There is the Cypress Street caper which the road department was determined to make into a main thoroughfare between Lomita Village and Lemon Grove in spite of the fact it had two "S" and 2 "L" turns. Cypress doesn't even feed into Lemon Grove. It feeds into Imperial which bottlenecks at the main intersection at Broadway. Requests to make an extension of Skyline to Kempf and then to Broadway to reduce traffic pressure was refracted at that time. This would have made a direct route connecting the communities and would have relieved the bottleneck. It was plain that by channeling all the traffic from Lomita Village down Cypress to Imperial would be enhanced. Cypress was eventually widened and these corners have since been improved with business buildings.

At the time the Skyline Extension was rejected a mass meeting was held by Cypress Street residents who didn't want to give up their lawn, fences, and rights. Joe Mack came but he was adamant. Mack spelled it out to them that they were going to get the road widened whether they wanted it or not. He did make a conciliatory offer to put in a macadam sidewalk so the pedestrians along the winding road would have a degree of safety.

One resident whose home is at the corner of a narrow "L" turn blandly asked Mack how it was expected to get a sidewalk between the road and his house when the widened road itself would be but five feet from the corner of his bedroom window. Mack was supported vociferously at this meeting by Lee Thompson who lives on Mt. Vernon Street but who has an interest in the business property, if only through relationship.

Only by pressure of saner senses in the county government offices were they able to call Mack off. Even so, they had to temporize. Mack was allowed to widen the road from Imperial to Mt. Vernon Street and to quieten the rest of the community they purchased Skyline through to Palm. A look at a map however shows that the Palm Street traffic enters Imperial only a couple hundred feet from the Cypress Imperial Avenue intersection. Thus we still have a high traffic count where they were determined to get rid of it.

Dave Bird, our supervisor, has promised to put money for extending Skyline to Broadway into next year's budget. This is good.

The request to close Murray Hills Road was made by the Highland Manor Development Co., a firm operated by Hollis Gamill and Robert Getz. They intend to build, eventually more than 1100 homes in Windsor and Murray Hills at prices ranging from \$16,500 to \$70,000. As far as I can ascertain this firm is reputable and they requested the closing so that their earth moving equipment could work without citizen traffic hazard. This does have the effect of discommoding Helix students to allow the developers to avoid the expense of putting a flagman on the job.

The State Division of Highways, with their much larger project, are not sealing off main thoroughfares and they are dutifully posting flagmen at truck crossover points. It's too bad that

Open Letter to Helix High Parents

By MRS. EDWARD McLAGAN
 General Chairman, Helix After-Prom Activities Project

Dear Parents:

No doubt many of you reacted the same way I did, last year, when you received the letter asking you to help support the Helix After Prom Activities. Encouraging our students to stay out all night seemed preposterous until I learned some facts. Which is best, permitting them to stay out until 2 or 3 a.m. on their own or a few hours longer under parental supervision? It seems from Night means "doing the town," driving to distant places and wandering about till daybreak to some students, and though we may have control over our sons or daughters activities, we all have a responsibility toward these students whose actions bring discredit to the school and the right thinking students.

It was to curb such practices that the After Prom Activities was formed: to keep the students together, under supervision, and in their own area by providing some entertainment and one in which both student and parent could participate. It provides a social event that all students may participate in and not just a chosen few who could afford a "bigger spread." It is also a function that those students not yet "dating" may feel free to attend.

Last Year's Success

Last year a file system was kept showing that 579 students had tickets for the movie and breakfast, out of these only 46 students did not attend either function and of these 19 were accounted for by their parents. I feel this alone proves the success of the project. We should feel proud that the Student Prom Committee has asked the PTA and Junior-Senior parents to repeat the function this year. This year we have 771 Junior and Senior students eligible to attend so you see how urgently we need your financial and manual help. The committee is striving to keep the cost within the means of all

so that no student will be denied opportunity to attend one or all events on the all important Prom Night.

The school's responsibility for prom activities ends at the close of the Prom, parents felt they wanted to assume responsibility for activities over and above that.

The Prom ends at 1:00 a.m., after which the students attend a movie at the Capri Theatre then return to the school for breakfast and entertainment. At all events they are chaperoned by parents. The committee can not compel any student to attend, if the parents approve and pay for the students share it is up to them to see that the student does attend and the file system will show his presence.

It is the sincere hope of both the student and parent committees that all parents and friends will understand our endeavors and support this project.

Sincerely yours,

Mrs. Edward McLagan
 General Chairman

Oil Association Attacks Program For 'Conservation'

The "Richfield Oil Conservation Program" has been challenged by the Association of Independent Oil Producers in Los Angeles this week as "a selfish and arrogant oil control scheme by major international oil companies to strangle competition and flood the State with Arabian oil imports."

This accusation was made by E. G. Starr, president of AIOP. He charged that Richfield, Standard and other oil concessions are pouring millions of dollars into a propaganda campaign to influence the voters in favor of the initiative.

A petition has been in circulation throughout the state to put the initiative on the November ballot and Starr advises voters "to get the facts and not be misled." The Association is placing paid ads in many newspapers throughout the state to "warn" voters of the oil conservation measure.

Sports Roundup

By Bob Turnbull

Victories! Victories! Victories! That is strictly the pass-word among fighting Highlanders of Helix High School when they are engaged in an athletic battle.

A round-up of Helix sports scores in the last three weeks show victories in track, baseball and tennis.

Two Friday afternoons ago Helix's cinderpath squad trounced the Devils of Sweetwater, 68% to 35% at Helix. The Bee and Cee team also won by the respective scores of 68-27 and 42-35. Three weeks ago Helix edged powerhouse San Diego of the City League, 52 1/2 to 51 1/2. Our B's lost 54-41 but the C's won 42-35.

In baseball Helix grabbed the Metro League lead with wins over Sweetwater, 4-2, El Cajon, 8-5 and Grossmont, 10-1. In a non-league game Helix also defeated city power, Hoover High School, 4-3. In a junior varsity affair Helix defeated Grossmont, 6-5.

Two victories chalked up by Helix over Chula Vista, 7-0 and 6-1 keeps the Highlanders' tennis team record clean.

In the Sweetwater-Helix track meet our A 880 relay team, composed of Gary Trushinski, Gael Barsotti, Bob Galland and Bill Ernest set a new school record of 1:33.2. — B.T.

Earl Smart and Amy Sonka to Aid Shearer in Assembly Race

William K. Shearer, candidate for State Assemblyman in the 77th District, this week announced that W. Earl Smart and Mrs. Amy Sonka will be co-chairmen of his Lemon Grove campaign committee.

Smart is a Lemon Grove attorney. Mrs. Sonka has been active in Lemon Grove business, social, and Republican affairs.

The two have pledged an aggressive campaign in Shearer's behalf in the Lemon Grove area.

Shearer addressed the Homeland Republican Women's Club on Monday evening. He stressed precinct work and explained the Bricker Amendment proposal to the group.

On the same evening, Shearer spoke to the Spring Valley Lions Club. Here he described in detail the recent fight in Congress over the Upper Colorado River Storage Project. He also analyzed the pending water case before the Supreme Court in which California and Arizona are contesting an interpretation of the Colorado River Compact under which California receives Colorado River water.

Area Law Firm Opens Offices in Their Own Building

San Diego county's oldest law firm with the county's most unpronounceable name, held "open house" Friday at their new "home."

The firm, Jennings, Engstrand and Henrikson, was formed on the first day of January, 1949, and had offices on Nebo Street. They officially opened their law building Friday in a brand new, modern building at 8262 University Avenue. Friends, clients and the press joined in getting the building properly dedicated.

Paul Engstrand Jr., and Leo R. B. Henrikson joined Jennings to form the firm in 1949, but William H. Jennings opened law offices on La Mesa Blvd. July 1, 1931.

"There were only two other lawyers in the county area of San Diego at the time," Jennings said. One of these was at Oceanside, the other at Escondido.

Two other attorneys have recently joined the firm. They are Robert C. Casey and John H. Whitney.

The complicated firm name has led interested bystanders to try to get Jennings to go along with the rest of the principals and make his name Swedish. "They want me to change it to Jensen," he growled.

SYMPHONY-VIENNESE BALL TO BE HELD IN CORONADO

Seventh Annual Symphony-Viennese Ball will be held April 28 in the Hotel del Coronado, given by the Women's Committee of the San Diego Symphony Orchestra Association, the proceeds of the ball to help support this summer's symphony concert season.

This year the festive theme will be "Lilac Time in Vienna." The women will use real lilacs to decorate the ballroom.

Summed up, boiled down, and carried to the final analysis, the dissension and strife in the world are caused by the fact that people don't like people.

Capacity Crowd Braves Rain for PTA Hobby-Fashion Show

Even a windy, rainy evening didn't keep the crowd from reaching capacity April 12 at the annual Hobby and Fashion show of the Vista La Mesa Parent-Teacher Association in the school cafeteria.

A unique style presentation was featured. Hand made fashions from sleep wear to cocktail dresses and formal, including apparel for all the family, were shown. Models were members and their families. "Fashions of Note" was the theme chosen by the committee.

Frank Black gave a gay and rollicking show with his commentary which brought forth descriptions both euphoric and bountiful.

Mrs. Ivan Arms, over-all chairman, rebuffed the weather by wearing a "creamy and dreamy" brown and beige costume. Mmes. Bob White and Paul Miller, co-chairmen of the fashion show, ignored the elements too, by wearing fragile and feminine styles in printed satin cottons.

The stage props and backdrop were the creation of Mr. and Mrs. Bob White.

The hobby show, under the direction of Robert Masters and Sy Metzner, fifth grade teachers, was highly successful. Hobbies of both parents and children were open for viewing in classrooms from 6:30 to 7:45 p.m. The hobby show was non-competitive, but all who entered received participation ribbons. Hobbies of all natures were displayed.

La Mesa Community Hospital Awarded Funds By Ford Foundation

John Gorby, manager of La Mesa Community Hospital, was notified last Monday by the Ford Foundation that a grant of \$10,750 had been awarded the hospital, and that another award of similar amount would be sent next year.

Mr. Gorby said, in a phoned interview, that the money will be used to improve facilities in the doctors' dressing room. The improvements in the maternity ward are most needed. Operating on a tight schedule, the hospital is able to give three-day service in maternity cases for \$80, or \$40 less than in other hospitals at this time.

Another item of good news was the receipt of a letter from the Joint Committee of the American Hospital Association, American Medical Association that "La Mesa Community Hospital had been fully approved by the Committee."

Six hospitals in the San Diego area have been sent checks by the Ford Foundation: Mercy Hospital, 105,900; Quintard Hospital, \$22,450; Coronado Hospital, \$6,350; Scripps of La Jolla, \$31,350; La Mesa Community Hospital, \$10,750, and Paradise Valley Sanitarium and Hospital, National City, \$28,250.

The remainder will be paid in March, 1957. Grants will be given 3,500 hospitals in the United States, Alaska, Hawaii and Puerto Rico.

Something NEW Under The Sun Millions Can Turn Back The Clock

Did you ever see a bicycle in a Food Shop?

You can, if you go to Special Purpose Food Shop, 7894 Broadway, for right in the window is an "Exercycle." It is a queer looking machine, and has no wheels, but is not intended to take you places, just take off flesh, without any effort on your part.

Exercise every day is the secret of good health and the Exercycle makes it easy. The machine is so compact that it occupies a floor space of only 14 inches by 43 inches. Its operation is so silent that you cannot hear it running unless you are standing very close to it.

An electric motor does all the work. Just mount the seat, put your feet on the pedals, grasp the handle bars and click the switch. Every muscle in your body will be exercised in 15 simultaneous motions.

Five minutes a day for beginners is all the time required to burn up the calories and gradually reduce your weight, or give you the exercise needed.

Friday, April 20 and Saturday, April 21 will be demonstration days at the Special Purpose Food Shop. Go in and get a free ride. Mrs. Carlton invites any one interested, and particularly the ladies, to come in and learn about this marvelous machine. It makes a pleasure out of exercise. DH

M. H. SCHOOL 'OPEN HOUSE' TO BE HELD NEXT WEEK

Many Monterey Heights Parents and Teachers ventured out in the heavy rain last week to hear Virgil Hawes, guidance coordinator for the county schools. His talk, "What Makes Your Child Popular," held the interest of the parents for over an hour.

Art Thomas, principal, announced Public Schools Week will be held from April 22-29. All parents are invited to visit school during this week. Open house will be held April 23 from 6 to 7:30 p.m. Mr. Thomas suggested that the parents visit all rooms that evening beginning with kindergarten on through the sixth grade. He said this enables one to see the progress being made and the various developments through the elementary grades.

The children will have their work on display and the teachers urge all parents to attend this open house with their children.

The Lemon Grove School board meeting will be held in the auditorium at 7:30 p.m. following open house. All parents are welcome to stay for this meeting and get a better understanding of the many problems confronting your school board members.

Tijuana Students Make Annual L. G. School Pilgrimage

Lemon Grove students once again hosted students from Tijuana, Mexico, last Friday in celebration of Pan-American Day. Fifteen boys and 15 girls traveled north for a day of visitation in the schools here, and they enjoyed the classrooms at San Miguel and Vista La Mesa for the greater part of the day. At noon they were luncheon guests of the student councils from those schools and were presented trays of favors from student councils of all district elementary schools.

In the afternoon a special assembly program, prepared by the sixth grades of the intermediate school and Golden Avenue, was under the direction of Ben I. Schei. Following the presentation of the colors, the pledge of allegiance, and group singing of "America," the Mexican visitors sang the Mexican national anthem.

Musical numbers by Lemon Grove students included "American Patrol" by the school band, two numbers by the boys' glee club of the junior high, and two arrangements by the Green Robe Choir. Musical groups were under the direction of Paul Cheatham and Mrs. Susan Tougeau.

Two folk dances were presented by students from Mrs. Pauline Ballard's sixth grade class, and a Pan-American Day skit featured students from the classes of Mrs. Loy Holmquist and Joseph Papin.

The Pan-American Day program was part of a sixth grade social studies unit on Central America and South American countries.

LETTERS
TO THE EDITOR

(Continued)

situation to hear his story.

Mr. Goodwin, I would like to ask you and the aroused citizens of Monterey Heights one question—What have you provided for the youth of your community? They need something to do, somewhere to go. They need to be with their friends. They need to have someone take an interest in them, to love them, to care for them. What are you doing about that? Nothing! Then when our young people find their own form of recreation and get somewhat out of control at times, you need someone to be the goat, to take the blame, and this time it happens to be the F & J Sundries. If every teenager was run away from our store, you wouldn't have the problem solved—you would just have it pushed over in a friend's yard across the way. Someone needs to do something for these kids.

In closing let me say again that we are trying to operate a legitimate and respectable sundry business. We have cleaned it up on the inside. We are closing two hours earlier each night in cooperation with the community, and that is two hours of business we can ill afford to give up. We have always closed on Sundays. Sometimes we feel like we have been tried, condemned, and found guilty without ever having entered a courtroom, but that isn't supposed to be the American way of justice. Give us a fighting chance! Come in and see what we're like instead of getting the information second hand. Our Lord said on one occasion, "He that is without sin among you, let him first cast a stone."

Respectfully
Floyd A. Hedrick
Proprietor
F & J Sundries

The Hedricks were present at the meeting and their part in the proceedings was reported. It should be understood that newspapers report news, do not make it. The newspaper did not call the mass meeting. That was done by residents of Monterey Heights.

The Editor

Dear Editor:

I feel I must tell you how I feel about the terrible writeup in your paper about the Malt Shop in Monterey Heights. People should feel proud to have people like Floyd and Jean Hedrick in business there and have they tried to find out how much good they have done with the teenagers since being there? No, they put the blame on them just because the former owners weren't so hot. Another thing when you own a business are you supposed to be outside to see what's happening on a vacant lot next door or inside running your business right? Maybe the good people there will give them money to hire someone to sit outside and watch the kids. Seems the parents should teach their girls and boys how to act, not the people in business.

Did you stop to find out anything about the Hedricks before you started writing about them? Did you know they have three children, ages 8, 5 and 2, and that they work six days a week, and still go to church every Sunday and Sunday night? How many of the people complaining are in church on Sundays?

I have a teenage daughter and I'd feel she was in very good company and very well guarded if she was around Floyd and Jean Hedrick. What's this town coming to when a nice person can't make a living for his own family without taking the blame for parents who aren't interested enough to teach their own boys and girls how to act? Don't you think you'd better undo a little of the wrong you've done by printing just one side of a story?

Mrs. Homer Haddock
P. S. I'm the Hedricks' baby sitter, you see they pay me to take care of their children while they work to run a nice clean business. Tell me, is it worth it to try when they get a dirty deal like this?

Read it again, mam. You'll find that I wrote what the Hedricks said and dutifully reported that they had children which they were attempting to raise.

Helix PTA will hold open house on Thursday evening the 26th in lieu of its April meeting.

THREE THOUSAND CHEST PICTURES TAKEN BY CHESTMOBILE

At least one Lemon Grove family walked through the rain to La Mesa last week to have chest X-rays taken during the Chestmobile visit. In spite of the inclement weather, however, a total of 3,128 persons had chest X-rays taken.

Dr. J. B. Askew, director of the San Diego County Department of Public Health, described the visit as "highly successful."

He said those who were kept home by the rain may have X-rays taken at the mobile X-ray unit in El Cajon next week. The Chestmobile will be at 131 East Main Street during these hours:

Monday, April 23—noon to 6 p.m.

Tuesday, April 24, through Thursday, April 26—11:30 a.m. to 6 p.m.

Friday, April 27—2 p.m. to 8 p.m.

Arrangements for chest X-rays may also be made through the public service facilities of the Tuberculosis Clinic at 524 West G Street in San Diego. Clinic hours are 10 a.m. to noon, Mondays through Fridays, and 1 p.m. to 4 p.m., Mondays through Thursdays.

Series to Describe Duties of Assessor's Office

This year 13 counties have been ordered to raise a portion of their local assessment roll this year by the State Board of Equalization. San Diego was not so ordered.

Twenty other counties have been advised by letter from the state board that raises are possible for them this year in spite of the State Supreme Court's ruling in the matter of Tulare County, that such an order is illegal.

This then, is the first of a series of articles by the State Association of County Assessors of California to acquaint residents with the workings of County Assessors and services available through their Assessors.

Your County Assessor's primary function is to make an equitable assessment of all taxable property in your county.

He does not decide the amount of tax you are to pay.

While he is making the assessment roll the various budget making bodies, such as the Board of Supervisors, School Boards, City Councils and special assessment districts are making their budgets. Neither the Assessor nor the budget making bodies have any knowledge of the total roll or budgets during this period.

All the budget-making bodies are governed by final budgetary dates and these budget hearings are open to the public. The ultimate tax rate is the result of many factors that basically stem from specific services and requirements which have been voted upon by all of us.

The functions of the Assessor in your County are prescribed by California law in this way:

The Assessor shall make a complete assessment roll of all taxable property in the County between the first Monday in March and the last Monday in May with the conditions existing on the lien date which is at noon on the first Monday of March. This complete assessment roll must be turned over to the Board of Supervisors of his County on the first Monday of July.

The Board of Supervisors sits as a Board of Equalization from the first to the third Mondays of July. This is the period when a taxpayer may appeal what he considers an inequitable assessment. After the Assessor has turned the roll over on the first Monday of July, he can no more make a change in it than any other citizen except by concurrence of the Board of Supervisors and the District Attorney's Office as prescribed by State law. Taxpayers should remember that at least 80 percent of the

budgets that must be met in the operation of all branches of government are required by law. Many were passed by direct vote of the people in the form of charter or constitutional provisions and initiatives. The others have been passed by the Legislature in answer to demands of the people for more services which, in turn, cost more money.

The second installment of this series explains the importance of uniform assessments.

Ratner Recommends . . . the following dual single disks: "Heartbreak Hotel" by Elvis Presley and "Blue Suede Shoes" by Carl Perkins.

Record Round-Up . . . Here are the top five tunes in the Heartland area as compiled by Ratner Electric, 8th and Broadway in downtown San Diego:

"Heartbreak Hotel" by Elvis Presley, "Why Do Fools Fall in Love," The Teenagers; "Blue Suede Shoes" by Carl Perkins, "Hot Diggity" by Crooner Como and "Eddie, My Love" by the newly organized Teen Queens.

Leading classics: Mozart's "Magic Flute," Ferenc Friesay conducting, and "Sleeping Beauty," Dorati conducting.

Best selling jazz: "The Shearing Spell" by George Shearing and his Quintet and "Jazz Piano" by Erroll Garner and Pete Johnson.

Ratner's Records . . . feature the town's finest albums, some of them being:

"The McGuire Sisters — Do You Remember When?" This Coral offering sparkles with "Mississippi Mud," "Tip-Toe Through the Tulips," "Them There Eyes," and nine other "oldies." The girls have excellent timing, sharp harmonizations and tuneful interpretations that result in pleasant listening.

"Count Basie Classics" (Columbia). All these tunes are the actual recordings of Basie and his equally brilliant bandmen blared out in the loud and lusty forties. "The King" and "Avenue C" are jazz at its greatest. "You Can't Run Around" and "Goin' to Chicago Blues" are jazz at its bluest.

There are some people who think a joke must be bad to be good.

'Greta Garbo' Adopts Five Kittens

Mrs. Anna Foster, 921 Gillespie Road, Spring Valley, has a white hen named "Greta Garbo" because of her liking to be alone. Greta is a good layer, has been faithful with her almost daily contribution, which she deposits in a nest in an oil drum under the house. The hen has had her brooding spells, but when broken up, she started again to do her daily stint. Her longings to become a mother were never satisfied.

The Fosters' cat, Maggie, gave birth last Wednesday to five kittens, using Greta's nest as a maternity ward. At last Greta had something to love. She adopted the kittens, hovered over them, kept them warm and cozy, while Maggie visited around the neighborhood and bragged about her "baby sitter."

When the kittens take a little nourishment, Greta gives way gracefully, and returns to her voluntary care of the kittens when their hunger is satisfied.

Greta's disposition has changed. From a sour, frustrated old maid, she has become kindly and affectionate, and allows Mrs. Foster to reach in and rescue her daily donation to the Foster's larder. D.H.

DON'T BE STAMPEDED!

There IS opposition to the so-called "oil conservation" measure being circulated in California

Its promoters are Standard Oil, Richfield Oil, and several other major international oil companies with HUGE ARABIAN OIL INVESTMENTS

They have already spent several million dollars to propagandize their scheme. They are planning to spend millions more to put it over at the November election.

WHY?

In the public interest?

Or in their own interest?

Why did they by-pass your representatives in the State Legislature?

Were they afraid that committee hearings and floor debate would expose their "conservation" bill as a greedy and arrogant OIL CONTROL device to give them MONOPOLY over the oil business in California?

Why didn't they consult the hundreds of small independent California producers, refiners and marketers?

Was it because they want to choke off competition from the independents? If the independents are throttled, won't the major international oil companies flood California with Arabian oil and line their pockets with fabulous profits?

HOW WILL OIL CONTROL AFFECT YOU?

What will it mean to the property owners of California?

How many California workers will it throw out of jobs?

What will it cost the State in wealth and taxes?

THE CALIFORNIA OIL INDUSTRY OPERATES TODAY—AND HAS OPERATED FOR YEARS—UNDER STRICT STATE CONSERVATION LAWS. THESE LAWS ARE THE BEST IN THE NATION.

YES, there IS opposition to this OIL CONTROL scheme; and there will be growing opposition from an aroused public when the true story is told.

Don't be STAMPEDED!

OLD STORK PUTS IN BUSY TWO WEEKS
Births at Grossmont Hospital from March 23 to April 10 indicate that Lemon Grove and Spring Valley are doing their share towards increase in population.

During that period, Lemon Grove received one boy and five girls, while Spring Valley received two girls and two boys.

Our congratulations to the happy parents, and long life and good health to all the little ones.

March 23 a girl was born to Mr. and Mrs. Phillip Dyer, 3530 Helix st., Spring Valley. The young lady weighed 8 lbs. 8 oz.

March 30 Mr. and Mrs. Lester Nation, 7420 Mt. Vernon, Lemon Grove, welcomed a 9 lb., 1 1/2 oz. girl.

March 31, Mr. and Mrs. Phillip Robinson, 9109 Olive Drive, Spring Valley, were awarded a 6 lb. 7 oz. boy.

April 2 Mr. and Mrs. Earl Wood, 2183 Eldora, Lemon Grove welcomed a girl weighing 7 lbs. 1 1/2 oz.

April 4 Mr. and Mrs. James Elliott, 10204 Del Dio Road, Spring Valley, received a 9 lb. boy.

April 5 Mr. and Mrs. Orville McGuire, 1776 El Dora, Lemon Grove, a girl weighing 7 lbs. 6 1/4 oz. came to their house to stay.

Also on April 5 a girl came to Mr. and Mrs. Vernon Officer, 3410 Olive st., Lemon Grove. The young lady weighed 6 lbs. 10 oz.

April 6 Mr. and Mrs. Charles Anderson, 7600 Pacific ave., Lemon Grove, received a girl weighing 6 lbs. 11 oz.

April 9 Mr. and Mrs. Harold Christopher, 2288 Bonita, Lemon Grove received a boy weighing 4 lbs. 8 1/2 oz.

April 10 Mr. and Mrs. Wallace Alward, 3323 Ybarra Road, Spring Valley, welcomed a girl, weight 6 lbs. 13 oz.

Seems like the merchants who sell baby fixings hereabouts should get a lot of customers from this list, and others that we publish every little while. Get Max to print a supply of congratulatory cards and mail 'em to the parents. Soon a sizeable mailing list could be built up, and a card sent each year after would be welcomed by the parents D.H.

ROSE SHOW SCHEDULED FOR SATURDAY AND SUNDAY
Roses by the thousands and all of them beautiful, will go on display at the nation's largest all rose show this weekend, when the San Diego Rose Society presents its annual Spring Rose Show Saturday and Sunday in Conference Hall, Balboa Park.

The lavish display, which has taken its place among the great floral spectacles of the country, will feature more than 50,000 blooms from local amateur gardens vying for awards in 75 competitive divisions, according to J. Wells Hershey, show chairman.

The show provides the ideal place for the amateur home gardener to see a great variety of blooms, how they will look on the bush and to make selection from the popular standard and new varieties on exhibit at the show.

Show hours Saturday are 1 p.m. to 9 p.m. and on Sunday from 10 a.m. to 6 p.m.

Supervisors To Meet In Bishop

Supervisors from Southern California counties will take a careful look, April 20 and 21, at recent state water legislation, Dave W. Bird, Chairman of the Board of Supervisors, reported this week. Future legislation concerning Southern California's critical water problems will also be discussed when the Southern Empire Regional Association of County Supervisors meets in Bishop.

Supervisor Bird, a Director of the organization, said that the guest speaker for the occasion will be State Senator Charles Brown, of Inyo, who will discuss pending legislation and highlights of this year's budget session of the State Legislature. Other distinguished guests will be Mrs. George Palmer Putnam, President of the Death Valley '49ers and Emil Morhart, well-known artist and musician of Bishop.

A reception will be held at the home of Supervisor Gene G. Crosby, Chairman of the Mono County Board of Supervisors, Friday evening, and will be followed by a dinner meeting at Crosby's Paradise Camp. On Saturday, the visiting county lawmakers will hold a business meeting in the Bishop library auditorium. William R. MacDougall, General Manager of the State Supervisors Association will be featured speaker at this meeting, Bird said.

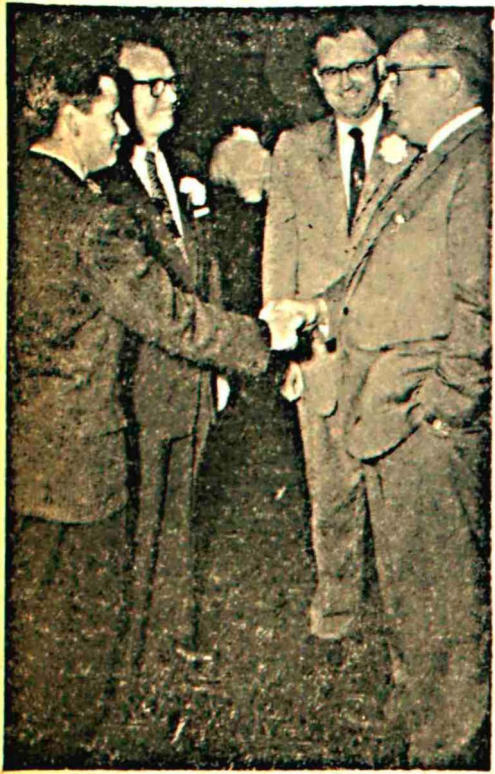

The Southern Empire Association is a regional group within the parent state-wide supervisors' organization. It is composed of the members of the Board of Supervisors of Imperial Inyo, Los Angeles, Mono, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties.

Purpose of the Association is to exchange information and to sponsor legislative programs of mutual interest to the member counties, Bird said.

He keeps us night and day,
So why should you or I shed
those tears,

Country Fair is Main Topic for Hospital Auxiliary

This is "meeting week" for the various units of Grossmont Hospital Women's Auxiliary — the last area meetings that will be held prior to the country fair, in which they are participating "all the way." The fair, scheduled for Saturday, May 12, on the Quad of Grossmont High School will, therefore, be given considerable priority on each agenda. There are, however, many other important matters, brought up at last week's executive board meeting, that will be discussed. A full attendance is looked for at each meeting.

Two units—El Cajon and Lemon Grove, held meetings on Monday.

Thursday at 9:30 a.m., Mrs. N. T. Henkel, area chairman, will be hostess to the Spring Valley unit in her home, 3626 Fairway Drive, La Mesa.

All members attending these meetings have been requested to bring along a can of fruit or vegetables for the Grossmont area's "peach tree" booth at the country fair. Great plans are afoot for this annual event.

The "Mr. and Mrs. Club" of the YWCA, 1012 "C" st., invites married couples to join them in sports, dances or swims. Call BE 9-0355 for information about this Red Feather service.

Two Fires Quelled In Grove

A delayed alarm caused considerable damage by smoke and fire to the home of J. L. Hanson, 8736 Nichols, Friday afternoon. Firemen, under Captains Dixon, Carmody and Alexander, responded to a neighbor's call.

Clothing left beneath a hot water heater was believed to have been the cause. Mr. and Mrs. Hanson are, both employed and they were at work at the time. The fire had gained headway slowly in the tightly closed house but damage was extensive from smoke as well as fire.

The fire department responded to a call Sunday at the home of W. A. Moore, 2851 Washington Avenue, when trash in a can in the kitchen was set on fire by his four year old son.

Moore had the blaze under control with a garden hose when firemen under Captain Dixon arrived.

STAMP GROUP TO HAVE AUCTION AT MEETING

The next meeting of the La Mesa Philatelic Society will be held April 25 at 7:30 p.m. at the Porter Park Clubhouse. Following the business meeting an auction will be held. Visitors are welcome.

The society will hold its second annual show on Sunday, May 6 at the La Mesa Recreation Center from 1 p.m. to 5 p.m. The public is cordially invited to attend. There will be no admission charge.

THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

One hundred twenty five in-
terested citizens of what may be
a newly incorporated city of Im-
perial Beach attended the meet-
ing of board of supervisors on
Tuesday, when boundaries of the
proposed incorporation were
decided on by the board.

An area of 4.4 square miles
was decided on over the protests
of what was said to be lists of
1,025 citizens of the area who
didn't want in.

The supervisors voted to let
the folks in the proposed area
fight it out at the polls June 5,
when an election will be held to
decide on incorporation, with a
city council, clerk and treasurer
and a city manager to govern
the proposed new city of Im-
perial Beach.

Copy of a letter from Joe
Mack, Surveyor and Road Com-
missioner, to Richard Locks,
Lemon Grove, stating that the
position of North avenue which
he requested be improved, is not
within the regularly maintained
system and the County cannot
expend gas tax funds for its
maintenance or improvement;

and stating that the State Divi-
sion of Highways has informed
the surveyor that it is its in-
tention to surface this portion of
North avenue with plant-mix as
part of the freeway contract,
sometime in the fall.

Conrad Drive Rock Crusher

Letter from County Counsel

stating that he is informed that
the State has abandoned any
plan to so locate such a plant and
that, consequently, it does not
now appear to be necessary to
render a legal opinion on the
rights of the County to enjoin
such action.

That item should serve to calm
residents in the vicinity of pres-
ent gravel plant that has been
operating for some time, includ-
ing Mrs. Nellie L. Fuller, Mrs.

Robert Michelson and Mr. Fen-
clim, who have been leading the
battle.

Spring Valley Sewers

Letter from Dept. of Public
works concerning a referral on
March 20, of letter from Mr. and
Mrs. H. E. Webster; advising that
plans are being prepared for the
installation of sewers in Spring
Valley Sanitation District under
the provisions of 1911 Improve-

ment Act; that enough property
owners have now petitioned for
service on Saddle Drive, where
